## Attention Lake Residents/Owners

Whether you mow your lawn or use a lawn service, please blow the lawn clippings back into your yard and not into the lake.

We have been advised by the Lake Doctor serviceman that this is being done and can cause algae problems.

If we all work together, we can keep our lake looking healthy. Thanks for your help.

## GREEN TIPS

from Pinellas County Utilities

### Keep It Dry

Always use a broom to clean walkways, driveways,  
decks and porches, instead of hosing off these areas.  
Save money and water, while getting a little aerobic  
exercise.

### Use What You've Got

One good thing about living in Florida is that we get  
rain. Collect that free rainfall for irrigation, but make  
sure you use a screened container to prevent  
mosquitoes from breeding.

### Save More Than A Drop

Repairing leaky faucets, inside and out, will save you  
money and conserve water. Consider replacing old  
equipment, like toilets, dishwashers and washing  
machines that use more water than their modern  
counterparts.
